About the Author

Kirk Walden brings experience in fundraising dinners from virtually every perspective. He planned fundraising dinners as an executive director of Women's Hope Medical Clinic in Auburn, AL (1991 - 1999), coached ministries on events as a consultant for LifeSteward Ministries (2000-2003) and travels the country as one of the pro-life community's most sought after banquet speakers (2001-Present).

Today, as an Advancement Specialist for Heartbeat International, Kirk brings his knowledge of what it takes to create a successful event from start to finish (Or, "From

Giddyup to Whoa!", as he says) in this manual.

Inside these pages you'll find Kirk's attention to detail and his big-picture perspective on what this event can mean to your organization. You might also find some humor tossed in, too!
