

Postpartum Depression

Brand: Heartbeat Academy
Product Code: 822

Price: \$29.95

Short Description

Description

This course will educate those working in pregnancy help about postpartum mood disorders, particularly postpartum depression and its prevalence, risk factors, assessment and treatment. This course will discuss the importance of having appropriate referrals for diagnosis, treatment, and follow-up care in place as well as steps for adding new medical services to your pregnancy help organization.
